## **Quad Cities Cable Communications Commission** Anoka City Hall – Council Chambers

March 15, 2018, 11:00 AM

## Agenda

#### 1. Call to Order

- 2. Roll Call
- 3. Approval of Agenda

## 4. Administrative Reports

- 4.1. Secretary
  - 4.1.1. Approval of the January 18, 2018, commission minutes.
- 4.2. Treasurer
  - 4.2.1. December and January Financial Reports
- 4.3. Executive Director

#### 5. General Business

- 5.1. City Council Chambers Upgrade Bid Information
- 6. Adjourn

## MINUTES OF THE REGULAR MEETING OF JANUARY 18, 2018

#### CALL TO ORDER – 1

Chair Heitkamp called the meeting to order at 11:00 a.m. at the Anoka City Hall.

#### ROLL CALL-2

Commissioners present were: Carl Anderson, Anoka; Greg Lee, Anoka; Kurt Ulrich, Ramsey; Jim Goodrich, Andover; Ryan Sabas, Champlin; and Bret Heitkamp, Champlin.

Commissioners absent and excused: Jim Dickinson, Andover; and John LeTourneau, Ramsey.

Others present included Karen George, Executive Director; John Sommer, Technology Manager; and Katherine Lenaburg, Operations Manager.

#### APPROVAL OF AGENDA – 3

Motion was made by Ulrich and seconded by Anderson to approve the agenda as presented.

6 ayes – 0 nays. Motion carried.

#### **ADMINISTRATIVE REPORTS – 4**

#### 4.1 Secretary

#### 4.1.1. Approval of meeting minutes from November 16, 2017

Motion was made by Ulrich and seconded by Lee to approve the November 16, 2017 minutes as presented.

#### 6 ayes – 0 nays. Motion carried.

#### 4.2 Treasurer

## 4.2.1. Financial Reports

Ms. George provided a brief overview of the October and November Financial Reports, which were included in the packet. She noted that the quarter payments were received, and the organization is on track. She stated that the year-end report will be received at the next meeting and the annual audit will follow.

## 4.3 Executive Director

Ms. George stated that the audit process has begun. She noted that there have been some live signal switch problems and therefore the organization is changing their remote signal switch process. She stated that there will be staffing reassignments to implement those changes permanently. She noted that some equipment needs for that process will be addressed later on today's agenda.

Ms. George introduced a representative from Impact Services, noting that QCTV was the recipient of the Community Partner Award.

Steve Griffiths, Impact Services, stated that they are the local provider of meals on wheels for the four member cities, as well as other cities in this area. He provided additional information on an educational process the organization has developed that will help facilitate discussions for families on the aging process. He stated that they also help to provide dementia training for local Anoka businesses through a partnership with that city. He stated that QCTV has provided an opportunity for his organization to film short promotional clips to promote their services. He stated that Ms. George asked if he had any ideas for additional videos that he would like to create and appreciated the opportunity that QCTV has given them to promote additional programs and services that his organization provides to aid in the aging process. He stated that his Board recently developed a Community Partner Award in memory of a Board member that passed, Gary Levine. He stated that he shared with his Board the idea that QCTV be the first recipient of the Community Partner Award because the opportunity that the organization has given them to share their mission and educate the community on the aging process. He presented the award to Ms. Lenaburg. He expressed his appreciation for the great work that QCTV is doing on part of the community.

Commissioner Ulrich noted that Gary Levine was an active member of the Ramsey community and served on the Ramsey Planning Commission as well. He recognized that QCTV does a great job of expanding past the political boundaries to the true community of this area.

#### 4.4 Commission Organization

Ms. George welcomed new member Ryan Sabas from Champlin. She stated that this is an annual review of the organization of the Commission and noted that she is not recommending any changes. She stated that Commissioner Sabas will step into the positions that were previously held by Commissioner Tesdall.

Motion was made by Ulrich seconded by Goodrich to affirm the current officers and committee appointments and per diem rate.

#### 6 ayes – 0 nays. Motion carried.

Ms. George stated that the proposed Board meeting schedule was included to incorporate the every other month meeting schedule. She stated that work sessions could continue to occur prior to the regular meetings or could instead be held on an off month. She noted that she will send out an email to the Commission to determine their preference for work session schedules.

#### **GENERAL BUSINESS – 5**

#### 5.1 Designate Depository

Ms. George stated that annually the depositories are designated. She stated that the Treasurer recommended an additional change that has been distributed to the Commission for review.

Commissioner Ulrich asked if both signatures would be required or whether one signature would be needed.

Ms. George replied that either could sign but it could be changed to require both signatures.

Chair Heitkamp stated that from a fiscal responsibility, it would be prudent to require two signatures.

Commissioner Ulrich agreed.

Motion was made by Ulrich and seconded by Lee to designate US Bank as the official depository for 2018; that the PMA Financial Network, Inc. (Minnesota Municipal Money Market Fund) be designated as additional depository for 2018 for investment and cash management purposes only; and, that the Commission Treasurer and Executive Director are hereby designated as the approval authority for the release and acceptance of all collateral to be held by the organization in conjunction with Commission funds on deposit with authorized

institutions, noting that both the Treasurer and Executive Director would be required to sign checks.

#### 6 ayes – 0 nays. Motion carried.

#### 5.2 Budget Carryover Requests Equipment and Studio Set

Ms. George stated the organization often has a carryover budget which is then designated for capital improvements. She stated that there were two carryover items from December. She stated that the studio set was not able to be purchased in December and therefore that item is recommended to be carried over to make the purchase in January. She noted that earlier in the agenda she discussed the live feed issues and noted that the equipment line item is proposed to be amended in order to properly address those issues.

Chair Heitkamp stated that he is personally fine with both of the items. He asked and confirmed that Ms. George has the discussion with the Treasurer to ensure that this is the recommended process.

Commissioner Ulrich asked if there is a policy that allocates excess revenue over expenditure and how those funds are allocated.

Ms. George noted that there is not a policy in place. She stated that currently the balance rolls into the savings which funds the capital improvements.

Commissioner Ulrich suggested that the Budget Committee look at the policy. He noted that it is not the best policy for municipalities to have a large pool of unallocated funds.

Ms. George agreed that it would be an appropriate time to revisit that discussion.

Chair Heitkamp noted that item was mentioned in the Executive Director's performance review. He agreed that the policy standpoint should be reviewed.

Motion was made by Ulrich and seconded by Goodrich to amend the 2018 budget to increase the Studio Set line item by \$8,800 and the Equipment line item by \$6,000.

#### 6 ayes – 0 nays. Motion carried.

#### 5.3 Comcast Franchise Renewal – Standstill Agreement

Ms. George noted that the franchise renewal continues to move forward. He stated that there was a negotiation that took place and both parties agreed to move forward with informal negotiations. She stated that this agreement was

drafted by the organization's legal counsel and states that both parties have agreed to move forward with informal negotiations, but should that not be successful the organization would reserve the right to go back to formal negotiations.

Motion was made by Lee and seconded by Sabas to approve the Standstill Agreement and direct staff to execute with Comcast.

#### 6 ayes – 0 nays. Motion carried.

#### 5.4 City Council Chambers Upgrade Report and Bid Information

Ms. George stated that a lengthy report was included in the packet regarding the city council chambers upgrade process. She stated that the City Managers and QCTV staff have looked at the report in detail and have discussed the bid process. She asked that the Commission accept the report and direct staff to move forward with the project bidding.

Chair Heitkamp stated that the Executive Committee discussed the ability to see each individual bid and asked if this would provide that opportunity.

Mr. Sommer confirmed that would provide all bids and how the entire bid was determined.

Commissioner Ulrich asked if there would be alternatives available to the vendor in terms of equivalents or better items that the contractor would like to use.

Mr. Sommer confirmed that the bid instructions identify areas where alternatives could be proposed and reviewed by staff. He noted that if alternatives are approved by staff, that would then be shared with all bidders to ensure an equal playing field.

Chair Heitkamp asked if the Commission would be able to see the alternatives that were not approved, if any, by staff.

Mr. Sommer confirmed that information could be shared with the Commission.

Commissioner Ulrich confirmed that information would be helpful for the issue of transparency.

Ms. George stated that the staff took the advice of the City Managers and the League of Minnesota Cities to develop the bidding process. She described how the process will occur, with an opportunity to visit the sites and offer alternatives.

Chair Heitkamp thanked Ms. George and her staff for their patience in working with the City Managers.

Commissioner Ulrich echoed that commented and thanked QCTV for the ability to be flexible to what each member city considers most important.

Motion was made by Ulrich and seconded by Lee to accept the Alpha Video and Audio Program Report and direct staff to move forward with project bidding.

## 6 ayes – 0 nays. Motion carried.

#### ADJOURN – 6

Time of adjournment 11:33 a.m.

Respectfully submitted,

Reviewed for approval,

Amanda Staple Recording Secretary *TimeSaver Off Site Secretarial, Inc.*  Karen George Executive Director

## 4.3 Executive Director's Report

### March 3, 2018

To: Commissioners

From: Karen George, Executive Director

Subject: Executive Director's Report

#### City Council HD Upgrade Project

The HD upgrade to city council chambers will be on the March agenda for updating and possible action on award of bid. Since January approval of the spec list, staff has released the bid, published the notice, provided vendor tours, and answered questions of bidders. No alternative equipment was requested and the bid specs are unchanged. The bid opening is scheduled for March 9 and 10 am.

#### **Comcast Franchise Renewal**

The standstill agreement has been executed. A negotiating session has been scheduled. No new information to report.

#### **CenturyLink Check-In**

Legal counsel Bob Vose and I met with CenturyLink Government Affairs Kirsten Searsland to review Prisim TV services per the franchise agreement.

#### 2017 Audit

The 2017 audit is in process. Staff is using a new online portal to upload documents and correspond with the auditors. Onsite audit work is scheduled for March 27-29. The audit will be presented to the commission at a future meeting.

#### Live Signal Switch – New Procedures

The new redundancy procedures are working and the live signal disruptions have been addressed. The staff member on-site during live signal switches to monitor and correct issues has improved our success rate of live signals without disruption. Multi-viewer displays required to monitor live signals are operational. There was a slight modification made to the Associate Producer job description to hire and train part-time staff to support full-time staff in this new procedure.

#### **Reserve Fund Analysis**

The Budget Committee has met to review and make recommendation regarding the January motion on reserve funds. The committee reviewed commission policy, budgets, and guidelines and determined to stay the course with minor adjustments to be reviewed

in April. The committee directed staff to prepare budget scenarios: status quo and increased operating reserve at 25%, 35%, and 45%; status quo and increase city CIP payments at \$20K, \$25K, and \$30K; proposed city payments amounts be determined by budget committee earlier in fiscal year and reported to member cities for inclusion in city budget planning timeline; further discussion on building and equipment with intent on funding of capital plan through use of reserves (not bonding) in 2018, 2019, and 2020. Starting with the January financial reports, there is a statement on the balance sheet regarding reserve funds.

#### State of the City

QCTV produced the Anoka Area Chamber of Commerce sponsored State of the City presentations. This work included gathering each city's presentation for use at the luncheon. New this year is lifting just the city presentation for our member cities and airing that as a special show on each city's channel. See compliment below.

#### Mobile Production Truck Generator Failure

The generator for the mobile production truck required emergency replacement due to failure. The generator was near the end of the life cycle typical for that equipment. The new generator was installed and is working great. The graphics system is also failing and staff is working to keep that going. It is expected that equipment will need replacing earlier than the 2019 planned replacement.

#### <u>Strategic Plan</u>

I have been interviewing strategic planning consultants to perform facilitation and coordination of the next 5-Year Strategic Plan at QCTV.

## Champlin 169 Construction

Please note that there is a major road construction project planned for the Highway 169 corridor through Champlin. This will affect travel time to attend shoots at QCTV.

## **Customer Comments**

#### **Beyond The Book**

Thank you all for finalizing the project. I received also a dvd copy of the show and like it. My next book is ready, should you plan to invite me again. It is all in French for the purpose of honoring another writer, a well-known Professor at the Louisiana State University. You may know someone who may be interested in my literary work. Thanks again, Albert Nyembwe

#### State of the Cities

Karen,

THANK YOU for helping out today. Also, thank you for your incredible staff. They are so good and they make this event that used to be a pain into a smooth running affair that does the educational part without it going late!!!!!

Peter Turok, President, Anoka Area Chamber of Commerce

## Action Requested: None.

## 4.3.1 Operations Report

#### January 31, 2018

To: Karen George, Executive Direc	tor
-----------------------------------	-----

From: Katherine Lenaburg, Operations Manager

## Subject: Operations Update

At an early January meeting we spent time on our goals and objectives on productions for the year and assignments were made including a series of testimonials about QCTV.

Election coverage this month included a candidate forum produced in conjunction with the League of Women Voters ABC. There is a special election in Ramsey due to a council member who moved away. There will be a special primary election on February 13<sup>th</sup> and two candidates will move on to the special election in April. We will do a candidates forum for the top 2 candidates on March 6<sup>th</sup>. We have our Election tab up on our website with these programs. We also did a bulletin board for the caucuses which will be February 6<sup>th</sup>. As 2018 is an election year, we will be doing candidate forums in our member cities as well as for the house of representatives.

QCTV produced live coverage of 14 government meetings in January. We produced our monthly show "News and Views" which featured elected and city staff members as well as stories on what is happening in our community

Our winter sports season continued and we produce live coverage of 8 games in January.

We completed our "At the Half" programs that featured high school students. We covered alpine ski teams and swimming and diving teams. We interviewed coaches and athletes as they practiced for their meets.

We worked with the Ramsey Police Department to produce a "Ramsey Matters" show about the community events coming up with the police department.

Our regular productions included "The Chamber Report", "The Grid", "It's Your History", "District Court" and "Game Sharks".

We produced two shows with the Anoka County Library. "Let's Go To The Library" is about their vast collections. "Beyond the Book" featured four local authors who have written and published books.

We produced "What's New at the Q" which features promos of our current programs.

### **4.3.1 Operations Report**

#### February 28, 2018

To:	Karen George,	<b>Executive Dire</b>	ector
-----	---------------	-----------------------	-------

From: Katherine Lenaburg, Operations Manager

#### Subject: Operations Update

QCTV staff covered seventeen government meetings in February. We produced our monthly show "News and Views" which featured elected and city staff members as well as stories on what is happening in our community

Our mobile production van was used for thirteen games, several of them were section play-off games as our teams do so well. We also used our production van to produce two episodes of "Public Safety Talk". The first show featured the three fire chiefs and police chief of Ramsey and the second show featured the assistant fire chiefs. They were both shot on location at the Anoka Fire Station. We also produced a PSA for the Anoka-Champlin Department as they are recruiting fire fighters. We shared with the cities of Anoka and Champlin.

We used our REMO system to produce the Annual Chamber of Commerce State of the Cities Luncheon. There were seven presentations by Mayors. We also edited versions of our member cities presentations so all four cities have their own state of the city address on their channels and websites.

We also used our REMO system to produce coverage of Anoka Tech High School Graduation. We had not done this graduation before but were asked and able to do so this year.

A considerable amount of my time was spent on entering the Hometown Media Awards, The Northern Lights Awards, and the NATOA Government Programming Awards.

Works continues in the planning on the purchase of a new studio set and we are currently looking at three bids and hope to finalize this next month.

Our regular productions also include "The Chamber Report", "The Local Show" and "The

District Court Show."

We worked with the League of Women Voters, ABC, to produce a show called "Money in Politics".

We produced a show called "Answers to Aging" on Family Caregiver Connections.

We worked with the Anoka County Master Gardeners to produce two shows: "How to Raise Mason and Leafcutter Bees" and one called "Buckthorn".

We also covered the Anoka County Sheriff's Annual Awards Ceremony.

We have added the Anoka County Board meetings to Channel 16 in Anoka, Andover, and Ramsey. They are held on the 2<sup>nd</sup> and 4<sup>th</sup> Tuesday of the month and they are put on the Prisma system so we can take them from there. The Hennepin County meetings are not uploaded to this system but we are working on this and will play them on Channel 16 in Champlin.

Two of the associate producers and myself attended a half day MACTA conference on Effective Storytelling with Media Consultant Ken Stone. It was excellent and I will share the information with the other producers.

## 4.3.2 Technology Report

## February 15, 2018

To: Karen George, Executive Director

From: John Sommer, Technology Manager

Subject: January 2018 Technology Report

#### **Equipment Issues:**

#### **QCTV Equipment**

Razuna fileserver is offline. A Windows update the week of January 22<sup>nd</sup> caused the system to crash. The RAID hard drive storage array was not affected; I do not believe we have lost any video data. Currently working with Max Krauth, our IT consultant to recover the system volume and get it back online.

#### **City Equipment**

Camera Three video problem at Champlin and Anoka resolved by a Rushworks software and firmware update. Preemptively corrected Ramsey and Andover.

#### **Comcast Equipment**

Anoka live feed looking and sounding good after some system adjustment by Keith from Comcast.

#### **CenturyLink Equipment**

No issues reported for this period.

#### **Current Projects:**

#### **City Hall HD Updates**

Advertisement for Bids published in three papers. Submitting information for online publication with the League of Minnesota Cities. Emailed six potential vendor that could submit a bid to inform them of the project.

Installed cameras at Ramsey City Hall and had Rushworks update VDesk.

Ramsey, Anoka, and Champlin have HD cameras installed and working. Andover is next.

#### Action Requested: None.

## 4.3.2 Technology Report

## March 15, 2018

To: Karen George, Executive Director

From: John Sommer, Technology Manager

Subject: February 2018 Technology Report

#### **Equipment Issues:**

#### **QCTV Equipment**

Razuna fileserver is online and working. Max Krauth, our IT consultant, rolled back the Windows update. Windows 10 reinstalled the update. A second update corrected that and Max forced the machine not to auto update.

We had two successful shoots using the REMO remote system this month.

#### **City Equipment**

Ramsey VDesk machine would not power up during an equipment check. Rushworks support thought it was the power supply. Lisa brought the VDesk machine from another city and it was not the power supply. I switched machines for the Ramsey meeting that night and brought the broken one back to QCTV. Jim did component level troubleshooting and determined that it was the Blackmagic DeckLink Studio 2 card. I found a local loaner card to test and the system is back up and running. We will order a new card.

#### **Comcast Equipment**

No issues reported for this period.

#### **CenturyLink Equipment**

No issues reported for this period.

#### Current Projects:

#### **City Hall HD Updates**

I have been fielding questions from potential bidders and getting that information from the appropriate city staff. Bids are due and will be opened Friday March 9<sup>th</sup> at 10:00 a.m.

#### Action Requested: None.

## 5.1 Technology Memo

### March 12, 2018

То:	Karen George, Executive Director
From:	John Sommer, Technology Manager
Subject:	City Hall Council Chambers Upgrades – Bid Opening

#### **Overview:**

#### Background

QCTV sought to upgrade all four city hall council chambers to HD for both the broadcast and presentation systems. QCTV Technology staff have undertaken the broadcast update and recommended hiring a company to provide the equipment and integration for the presentation systems.

Alpha Video & Audio, Inc. was selected to provide a Program Report to QCTV. The report is a comprehensive upgrade plan, including wiring diagrams and bid specifications. The Commission approved the Program Report and directed staff to Advertise for Bids.

I placed Advertisements for Bids in three newspapers, including the StatTribune. We posted the information on our website and the League of Minnesota Cities' website. Six companied received invitations to bid via email. Three of those firms; EPA, Heartland Video Systems, and Z-Systems informed us they would not bid. AVI in Eden Prairie registered their intent to bid but did not submit a bid by the deadline. Two valid bids were received and opened Friday March 9<sup>th</sup> from AVI-SPL and Alpha Video & Audio.

#### Selection:

Criteria to be considered by QCTV in awarding a contract in the best interest of QCTV will include, but not necessarily be limited to:

- Best Price/Value
  - Equipment Prices were similar from both bidders. AVI-SPL bid \$278,393.89; Alpha Video & Audio bid \$271,957.26. Integration Prices are where the two bidders diverged. AVI-SPL bid \$268,826.00; Alpha Video & Audio Bid \$195,347.15.
- General Reputation and Experience
  - AVI-SPL is the world's leading communications systems integrator as well as the largest AV integrator in North America. Alpha Video & Audio is a local company with over 40 years of experience and expertise as a national integrator for visual communications.
- QCTV's prior knowledge of, or experience with bidder's past performance

- QCTV has purchased many pieces of equipment from Alpha Video & Audio in the past, they have provided great service and excellent pricing over the years. To my knowledge this bid process is QCTV's first interaction with AVI-SPL.
- Adherence to all bid requirements
  - Both bidders met all of the bid requirements.
- Ability of bidder to deliver on its bid
  - After reviewing all of the supporting material provided by both bidders, I believe either one would be able to deliver on all aspects of the bid.
- Reference check of bidder
  - Both bidders are reputable firms with long list of past clients. QCTV should still check with references to confirm recent customers' satisfaction.
- Length and quality of warranty offered
  - One year warranty is included from each bidder, with two or three-year options. AVI-SPL has a 24-7 help desk available by phone. Both bidders will respond to support requests within 4 hours. Both bidders will respond to an on-site escalation within 48 hours. On-site technical assistance is limited to Monday through Friday from 8:00 a.m. to 5:00 p.m. and excludes Holidays. Neither bidders' warranty includes any spare 'loaner' equipment. Alpha Video & Audio will provide a 50% discount from their rental department for available equipment needed until repairs are completed.
- Timeline
  - Both bidders are prepared to order, deliver, and install equipment. Specific timelines would be part of the negotiated contract for services after bid is awarded.

#### **Action Requested:**

Award Total Bid to Alpha Video & Audio, Inc. for \$467,304.41 for the Base Bid elements of the project and allow individual cities to opt in to the Bid options as they see appropriate. Total Project not to exceed \$590,000.00 (Base Bid plus Bid Options plus 5%).

Options: Request more information on what factors caused the installation labor costs to be so far apart. Or direct staff to request other additional information from bidders.

Schedule a special Commission meeting to hear updated information and make decision at that time.

Delegate decision to future Executive Committee meeting.

In the Bid Instructions, we stated that we could hold the bids for up to 60 days. We received the bids Friday March 9<sup>th</sup>; to act on these bids a decision needs to be made by Monday May 14<sup>th</sup>. The next regularly scheduled Commission meeting is Thursday May 17<sup>th</sup>.
